

I live in Citrus Heights and I have been listening and supporting KLOVE for years. I believe that the family-friendly programming provided by KLOVE is a beacon of light in the darkness of the radio world today. So many other stations allow rhetoric by the DJ's that is NOT acceptable, especially to young ears. If KLOVE were lost, my community would lose a very positive message in our daily lives. Please do NOT allow LPFM push KLOVE out of my area. I depend on KLOVE to provide the music and message that they do, which counters what other stations put out.
